# Monthly expenses unchanged (approx. €540, of which approx. €380 for preschools)

Most of the costs are still for food, so that the children receive at least **one warm meal a day**.

**Cost distribution**  
Just under  $\frac{3}{4}$  of the **costs go to the preschools**, with the rest going to families in the villages of Mudén and Keates Drift.

The 3 preschools receive **food worth around EUR 72 per month** (potatoes, rice, fruit & vegetables, sugar, salt, oil, hygiene products).

We were able to finance a sports bag with small gifts for **90 pre-school children** (each worth the equivalent of **EUR 4.30**).

- In addition**
- Project day of the churches in Keates Drift with craft activities, handicraft courses & puppet theatre
  - New sanitary facilities & vegetable gardens
  - New playground in a preschool
